Village NetAcad Return Policy

Digititan Holdings (Pty) Ltd · Registration number 2017/361732/07

Applies to the Village NetAcad app and villagenetacad.co.za

Status: draft for internal approval. Do not publish until managers approve it.

1. What this policy covers

This policy explains how a customer can return a physical product bought from the Village NetAcad shop, and how a refund works for a digital course or training fee.

2. Physical products

A customer may return a physical product within 7 days after delivery if it is unused and in its original packaging, together with proof of purchase.

Orders are delivered in 3 to 7 working days. Collection at a centre has no extra charge. Home or direct delivery costs R150.

A return can be started in the app on an eligible order, or by contacting the Help Centre.

After we receive the goods and accept the return, we refund the product price to the original payment method within seven working days.

On a change-of-mind return, the direct cost of sending the goods back is deducted from the refund. If the goods are defective, damaged in delivery, or not what was ordered, Digititan pays the return cost and will repair, replace, or refund the product.

Manager to confirm: whether the R150 home-delivery fee is refunded when the customer returns goods because they changed their mind.

3. Digital courses and training fees

The price and what is included are shown before the customer pays.

Where the Electronic Communications and Transactions Act 25 of 2002 applies, the customer may cancel an electronic purchase within 7 days of concluding it, without a penalty, if the course has not yet been provided. If the course has already been provided at the customer's request, Digititan may keep a fair charge for what has already been received, as that Act allows.

If Digititan cancels a course or ends a paid service, Digititan refunds the unused part of the fee.

Manager to confirm: a course counts as already provided when the learner opens the first lesson.

4. How refunds are paid

Refunds are paid to the original payment method within seven working days of an accepted return, or within seven working days of a cancelled course, as the case may be.

Card payments are taken by PayFast on the website. The app does not take card payments. Refunds are not paid in cash to individuals, ambassadors, or staff.

5. Warranty

Hardware carries the Pinnacle warranty stated on the product. A warranty claim is separate from a return under this policy. The customer should keep the proof of purchase.

6. Rights that remain in place

This policy does not remove any right under the Consumer Protection Act 68 of 2008 or the Electronic Communications and Transactions Act 25 of 2002. Where one of those laws gives a stronger right, that right applies.

This draft follows the refund wording already in the Village NetAcad Terms and Conditions, under Fees, payments and refunds. If a sentence here conflicts with those Terms, the Terms should be checked before this policy is published.

7. Contact

Points for managers to approve

1. Physical goods may be returned within 7 days after delivery if unused and in the original packaging.

2. The customer pays the return courier cost on a change-of-mind return. Digititan pays it when the goods are faulty, damaged, or incorrect.

3. Decide whether the R150 home-delivery fee is refunded on a change-of-mind return.

4. Decide that a digital course counts as already provided when the learner opens the first lesson.

5. After approval, this policy can be placed in the app under Returns policy, together with the lawyer's Terms and Privacy Policy.
